

FDP Major Changes Summary for the 2020 Subaward Templates

Purpose: outline the major changes to the FDP Subaward template from the 2019 version to the 2020 version. While only the changes to the Cost Reimbursement Subaward will be highlighted, most of the changes are applicable to the Fixed Amount Subaward as well with the exception of the Facepage and Attachment 5. Contact the Subaward Subcommittee co-chairs with any questions. This document does not cover the Subcontract Sample or the Fixed Rate Clinical Research Sample.

Scope: describing major changes to the Subaward templates. Minor adjustments for consistency in grammar and/or style are not documented in this change sheet. Some major changes related to data fields will be summarized in this document. For details on the data fields, we have also generated a [Subaward Template Field Crosswalk](#) that sets out all the fields in every version of the template, including a brief description of what information should go there.

Note: when making selections in drop down menus, make the appropriate selection. Then click (or tab) outside of the drop-down. This will populate any additional data points that may appear based on the drop-down selection. We also recommend printing your files to PDF prior to sending to your subrecipient to prevent any field changes or loss of data if inserting pages (such as NOA).

2019 Version	2020 Version	Explanation
Subaward Period of Performance (Budget Period) Start: End:	Subaward Period of Performance {Budget Period} Start: End:	“Period of Performance” is now defined in UG 200.201 as “total <i>estimated</i> time interval between the start of an initial Federal award and the planned end date, which may include one or more funded portions, or budget periods. “The FDP template is therefore now aligning “Period of Performance” with the prior terminology of Estimated Project Period (see next line). The use of Budget Period for this line is consistent with 200.331 (a)(1)(vi) required data element “Subaward Budget Period Start and End Date.”
Estimated Project Period Start: End:	Estimated Project Period of Performance Start: End:	The use of Estimated Period of Performance for this line is consistent with 200.332 (a)(1)(v) required data element “Subaward Period of Performance Start and End Date.”

<p>1. PTE hereby awards a cost reimbursable Subaward, (as determined by 2 CFR 200.330), to Subrecipient. The Statement of Work and budget for this Subaward are as shown in Attachment 5. In its performance of Subaward work, Subrecipient shall be an independent entity and not an employee or agent of PTE.</p>	<p>1.
