NIH UNITE Initiative

Marie A. Bernard, MD, UNITE co-chair; Acting NIH Chief Officer for Scientific Workforce Diversity; Deputy Director, National Institute on Aging
The NIH UNITE Initiative

- Events of the past year have brought into sharp relief the ongoing reality of racial injustice in our country, and the responsibility of all of us to address this issue
- A series of intense Institute and Center Director meeting discussions were held to identify initial issues
- Two self-assembled affinity groups at NIH (8CRE, AA/B Scientists) and the Anti-Harassment SC met with NIH leadership for candid discussions that informed next steps
- We have arrived at a shared commitment to address structural racism: we must not allow this pivotal moment to pass
The NIH UNITE Initiative

Initial Issues Identified:

- We must ensure that biomedical research, and the administrative system that supports it, is devoid of hostility grounded in race, sex, and other federally protected characteristics.

- In this new initiative, we are committed to delineate elements that may perpetuate structural racism in biomedical research both within NIH and the extramural community leading to a lack of personnel inclusiveness, equity, and diversity.
The NIH UNITE Initiative

Initial Issues Identified:

- All ideas must be given an equal and fair review, without regard to current dogma, precedents, or who presents the ideas.

- As COVID-19 has made painfully clear, health disparities and inequities continue to contribute to morbidity and mortality in our nation, making it essential to redress the fundamental causes of these disparities/inequities and identify research programs that could identify effective interventions.
The NIH UNITE Initiative

Understanding stakeholder experiences through listening and learning

New research on health disparities/minority health/health equity

Improving the NIH Culture and Structure for Equity, Inclusion, and Excellence

Transparency, communication, and accountability with our internal and external stakeholders

Extramural Research Ecosystem: Changing Policy, Culture, and Structure to Promote Workforce Diversity
Understanding stakeholder experiences through listening and learning

**CHARGE**

To perform a broad, systematic self-evaluation to delineate elements that perpetuate structural racism and lead to a lack of diversity, equity, and inclusion within the NIH and the external scientific community
The NIH UNITE Initiative to Strengthen Diversity, Equity, and Inclusion: Together, We’re Stronger

Understanding stakeholder experiences through listening and learning

Current Efforts and Next Steps

- **Refine and Expand Qualitative Data Collection Plan**
  - Finalize Qualitative Data Collection Plan – March 2021
  - Conduct comprehensive assessment across stakeholders through listening sessions, focus groups, town hall(s), anonymous submission sites, etc. – **Expected Completion: Summer 2021**

- **Solicit Information from ICs**
  - Collect activities, materials, and other data from ICs on relevant past, ongoing, or planned activities – March 2021
  - Compile and analyze to inform UNITE activities – **Expected Completion: Spring 2021**

- **Publish a Request for Information**
  - Seek input on practical and effective ways to improve the racial and ethnic inclusivity and diversity of research-centered environments and workforce – **Published 3/1/21**
  - Summarize results and share publicly – **Expected Completion: Spring 2021**
New Research on Health Disparities/Minority Health/Health Equity

CHARGE

To address long-standing health disparities and issues related to Minority Health to advance health equity (HD/MH/HE) in the United States by ensuring NIH-wide transparency, accountability and sustainability in marshaling resources for HD/MH/HE research
New Research on Health Disparities/Minority Health/Health Equity

Foundational Efforts

  - **FOA 1:** solicit transformative and novel investigator-initiated applications with potential impact focused on elimination of health disparities broadly and in high priority areas.
  - **FOA 2:** increase the competitiveness of investigators and the research base at Minority Serving Institutions (MSIs).

- **Examine portfolios with NIH-wide stakeholders** (Targeted Completion: April 2021)
  - Meet with key NIH stakeholders to focus proposed Common Fund Initiative, discuss intersectionality in HD/MH/HE research, and highlight the importance of cultural competence and community engagement in HD/MH/HE research.
New Research on Health Disparities/Minority Health/Health Equity

Current Efforts and Next Steps

- **Conduct an accurate analysis** of current investments in HD/MH/HE research with key intramural and extramural stakeholders
  - Develop and test budget and portfolio tracking via AI data mining (Targeted Completion: December 2021)
  - Develop Analytic Budget Tool (HD/MH/HE Resource Center Dashboard) for use across NIH (intramural and extramural) to increase funding transparency by accurately reporting HD/MH/HE research funding (Targeted Completion: FY23)

- **Phase 2 – Proposed Common Fund Initiative on Interventional Research in HD FY23** (Immediate and Ongoing: Proposed FOA Release: Winter 2022)
  - Create initiative on translation of multi-level interventions to reduce HD through strategic planning process and engagement with scientific community
  - **Common Fund FOA**: focused on driving innovation and transformation in reducing health disparities and enhancing health equity across the country
Improving NIH Culture & Structure for Equity, Inclusion, & Excellence

CHARGE

To change the NIH organizational culture and structure to promote diversity, equity, and inclusion throughout the NIH workforce
Foundational Efforts

- Provide granular data on NIH workforce based on position and supervisory status.
  (Immediate: 2020 data will be analyzed Spring 2021 and shared publicly Summer 2021)

### NIH Workforce

- Overall (n=18,202)
- Scientific (n=8476)
- Health and Research (n=2072)
- Infrastructure (n=7,654)

**Scientific Workforce** leads or has oversight over research; e.g., investigator, staff scientist, health science administrator

**Heath and Research Workforce** supports research; e.g., nurse, lab technician

**Infrastructure Workforce** undergirds the scientific enterprise but not “scientific” or “health and research”; e.g., program analyst, grants management, IT

**Hispanic or Latina/o/x (any race)**

- White (alone)
- Black or African American (alone)
- Asian (alone)
- American Indian, Alaska Native, Native Hawaiian, Pacific Islander, Two or More Races
Improving NIH Culture & Structure for Equity, Inclusion, & Excellence

Current Efforts and Next Steps

- Expand NIH policies to more explicitly acknowledge racial discrimination. Establish a campaign to make NIH staff aware of options for reporting racist actions. *(Revised policies finalized: Spring 2021; published in NIH manual chapter: Summer 2021)*

- Expand recruitment efforts for NIH investigators, including those with tenure, from underrepresented groups. *(Fall 2021)*

- Establish anti-racism steering committee and coordinate actions with an anti-racism plan from each institute. *(Spring 2021)*

- Work with NIH senior leadership to appoint a diversity, equity, and inclusion officer in every IC, with direct access to the IC Director, to track, advance, and coordinate IC-specific diversity, equity, and inclusion efforts and actively participate in NIH-wide diversity efforts. *(2021, on a rolling basis)*
Transparency, communication, and accountability with our internal and external stakeholders

CHARGE

To ensure Transparency, Accountability, and Sustainability of all UNITE efforts amongst NIH Internal and External Stakeholders.
Current Efforts and Next Steps

- Publicly commit to identifying and correcting any NIH policies or practices that may have helped to perpetuate structural racism (w/ OCPL) – February/March 2021
  - Webpage
    - Central portal for anti-racism policies and efforts
    - Acknowledge internal, external workforce demographics and funding metrics
  - External Facing Awareness Campaign
    - Editorials in scientific journal, mainstream media, townhall style meetings

- Launch Internal Awareness Campaign – March 2021
  - “Racism, Discrimination, and Harassment don’t work here!”
  - Implement and communicate policy changes promoting anti-racism (with Committees I and U)

- Diversify the portraiture around the NIH – Spring/Summer 2021
  - Digital campaign of UNITE: “Together We’re Stronger”
  - Additional portraits and exhibits reflecting our goals for recruitment and retention
    - starting with Buildings 1, 10, 31
Extramural Research Ecosystem

CHARGE

To perform a broad systematic evaluation of NIH extramural policies and processes to identify and change practices and structures that perpetuate a lack of inclusivity and diversity within the extramural research ecosystem

Includes developing strategies to address funding disparities and increase applications that would support individuals from under-represented groups

Extramural Research Ecosystem

Current Efforts and Next Steps

- **Stakeholder Engagement** – With U committee
  - Publish RFI - Spring 2021
  - Listening sessions - Spring/Summer 2021

- **Report Grantee Demographics in NIH Databook** – With OER, U, and T committees
  - Expand existing extramural grant funding data – Spring/Summer 2021

- **Develop Possible Programmatic Proposals** (Spring 2021), e.g.,:
  - **Career Pathways** – Strengthen NIH’s centralized education, outreach and evaluation efforts for existing training and diversity programs
  - **Institutional Culture** – Provide support for academic institutions to conduct in-depth climate assessments and self-studies and to act on the results
  - **NIH Processes** – Assess interactions between NIH staff and extramural community to identify barriers and bias to inform new programs and enhance equity in NIH processes
  - **Minority-Serving Institutions** – Expand technical assistance and funding opportunities for HBCUs and MSIs
Summary of Initial UNITE Recommendations

- Publicly commit to identifying and correcting any NIH policies or practices that may have helped to perpetuate structural racism
- Continue to aggressively implement approaches to address the “Ginther Gap” and enhance portfolio diversity
- Launch a multi-phased, -tiered, and -integrated Common Fund Initiative focused on transformative health disparities research initiatives to reduce health disparities/inequities
- Ensure a robust NIH Enterprise-wide commitment to support the NIMHD FOA focused on the effects of structural racism and discrimination on health disparities/inequities; encourage funding levels that are commensurate with overall IC resources
- Develop a sustainable process to systematically gather and make public the demographics of our internal and external workforce
Summary of Initial UNITE Recommendations

• Implement policy changes that promote anti-racism and remove barriers to professional growth for staff from diverse backgrounds, including underrepresented groups

• Appoint a diversity, equity, and inclusion officer in every IC, with direct access to the IC Director, to track, advance, and coordinate IC-specific equity, diversity, and inclusion efforts and actively participate in NIH-wide diversity efforts

• Expand the Distinguished Scholars Program to Senior Investigators hired with tenure and enhance recruitment of researchers from underrepresented groups as candidates for open IRP investigator positions
“To those individuals in the biomedical research enterprise who have endured disadvantages due to structural racism, I am truly sorry. NIH is committed to instituting new ways to support diversity, equity, and inclusion, and identifying and dismantling any policies and practices at our own agency that may harm our workforce and our science.”

— Francis S. Collins, M.D., Ph.D., NIH Director

Purpose
This Notice is a Request for Information (RFI) inviting feedback on the approaches NIH can take to advance racial equity, diversity, and inclusion within all facets of the biomedical research workforce, and expand research to eliminate or lessen health disparities and inequities.

Open 3/1/21 – 4/23/21 – More than 1000 responses; Soon to be followed by listening sessions
NIH Common Fund Transformative Research to Address Health Disparities and Advance Health Equity – Committed up to $24M

Two FOAs released 3/26/21:

1) RFA-RM-21-021 Transformative Research to Address Health Disparities and Advance Health Equity (U01 Clinical Trial Allowed) - https://grants.nih.gov/grants/guide/rfa-files/RFA-RM-21-021.html

2) RFA-RM-21-022 Transformative Research to Address Health Disparities and Advance Health Equity at Minority Serving Institutions (U01 Clinical Trial Allowed) - https://grants.nih.gov/grants/guide/rfa-files/RFA-RM-21-022.html
The NIH UNITE Initiative to Strengthen Diversity, Equity, and Inclusion: Together, We’re Stronger

Understanding and Addressing the Impact of Structural Racism and Discrimination on Minority Health and Health Disparities (R01 Clinical Trial Optional)

With the commitment of up to $30.8 M by 25 ICOs:
- Letters of intent due 7/20/21
- Applications due 8/24/21
